

MACal[®] 9800 CAST

The versatile choice for long term applications

MACal 9800 CAST™

FR

MACal 9800 Cast, vinyle polymère coulé de 66 µm pour applications long terme est spécialement conçu pour assurer une découpe par ordinateur facile et un échenillage rapide. Avec une durabilité allant jusqu'à 10 ans, une excellente adhérence et un retrait facile, la Série MACal 9800 CAST représente le choix idéal pour les applications longue durée et sur une variété de surfaces désormais plus étendue: planes, courbes ou ondulées, grâce à sa très bonne conformabilité.

Le service de mise à la teinte Mactac vous permet de demander des couleurs spécifiques correspondant à votre projet. Ce vinyle souple calandré représente un excellent choix pour de nombreuses applications. Il offre également une durabilité extérieure jusqu'à 10 ans.

Avantages

- Une vaste palette de couleurs : 107 brillantes et 10 mates
- Mise à la teinte t des couleurs
- Durabilité à l'extérieur jusqu'à 10 ans

Applications

- Marquage à long terme de véhicules
- Lettrage et la décoration sur vitrage
- Enseignes, les panneaux décoratifs et de signalétique, etc ...
- Toutes autres applications de marquage requérant une bonne conformabilité

Caractéristiques techniques

- Film vinyle coulé de 66 µm sans cadmium
- Adhésif acrylique permanent à base solvant de haute qualité
- Support en papier kraft blanc 135g/m² avec impression grise

IT

MACal 9800 Cast è una pellicola cast conformabile da 66 µm con adesivo permanente dalle elevate prestazioni. Alla base di questo nuovo film, sviluppato per aggiungere ulteriore conformabilità a tutti i noti vantaggi della serie MACal 9800 Pro Series, ci sono 40 anni di esperienza nel segmento del marcaggio CAD/CAM. Questa nuova caratteristica consente ora anche la decorazione e il branding di una più vasta gamma di superfici piane e curve (con un'ottima adesività e la massima facilità di rimozione).

Un adesivo acrilico permanente a base solvente rende questa pellicola cast un'ottima scelta per numerose applicazioni sia indoor che outdoor ed è resistente all'esterno fino a 10 anni.

Vantaggi

- Ampia gamma di colori: 107 lucidi e 10 opachi
- Servizio Color Match per colori su richiesta
- Durata outdoor fino a 10 anni

Applicazioni

- Decorazione di veicoli di lunga durata (auto, camion, imbarcazioni...)
- Vetrotanie
- Applicazioni grafiche decorative e per il punto vendita
- Qualsiasi altro attività di branding che comprenda anche superfici con rivetti e corrugazioni

Caratteristiche tecniche

- Pellicola cast da 66 µm senza cadmio
- Adesivo acrilico permanente a base solvente di alta qualità
- Carta kraft bianca stabile, da 135 gsm con stampa posteriore grigia

ES

MACal 9800 Cast es un vinilo fundido conformable de 66 µm con adhesivo permanente de altas prestaciones. Este nuevo material está respaldado por 40 años de experiencia en CAD/CAM y ha sido creado para añadir incluso un mayor grado de conformabilidad a los ya conocidos beneficios de la serie MACal 9800 Pro. Esta nueva característica permite ahora el marcaje de una amplia gama de superficies planas y curvas (con una adhesión muy buena y facilidad al retirarse).

Su adhesivo acrílico permanente con base solvente hace de este film de vinilo fundido una excelente opción para muchas diferentes aplicaciones, tanto en interior como en exterior, con una durabilidad de hasta 10 años en exterior.

Ventajas

- Amplia gama de colores: 107 en brillo y 10 en mate
- Posibilidad de crear colores personalizados
- Durabilidad de hasta 10 años en exterior

Aplicaciones

- Rotulación de larga duración en vehículos (coches, camiones, barcos...)
- Gráficos para cristales
- Paneles decorativos y señalización de establecimientos comerciales
- Así como cualquier otra acción de rotulación en superficies con ondulaciones y remaches

Características técnicas

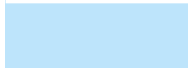

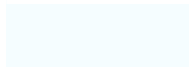

- Film de vinilo fundido de 66 µm y sin cadmio
- Adhesivo acrílico de alta calidad, permanente y con base solvente
- Papel kraft blanco estable de 135 g/m² con impresión dorsal gris

EN

MACal 9800 Cast ist eine 66 µm conformable cast vinyl with high-performance permanent adhesive. 40 years of experience in CAD/CAM lie behind this new material, which has been developed to add even more conformability to all of the renowned benefits of the MACal 9800 Pro Series. This new feature now allows marking and branding on a wider range of flat-to-curved surfaces (with very good adhesion and easy removal).

A solvent-based permanent acrylic adhesive makes this cast vinyl film a great choice for many different indoor and outdoor applications, and it is durable for outdoor applications for up to 10 years.

Advantages

- Wide range of colours: 107 gloss and 10 matt
- Colour matching
- Outdoor durability up to 10 years

Applications

- Long-term vehicle marking (car, trucks, boats...)
- Window graphics
- Decorative & retail signage panels
- Any other branding purposes including surfaces with rivets and corrugations

Technical characteristics

- 66 µm cast vinyl film, cadmium-free
- High quality solvent based permanent acrylic adhesive
- Stable 135 gsm white kraft paper with grey backprinting

DE

MACal 9800 Cast ist eine verformbares 66 µm Cast-Vinyl mit einer permanenten High-Performance Klebstoff. Bei langfristigen grafischen Anwendungen arbeitet man mit Hochleistungsfolien – nur so erhält man die richtige Qualität bei der Verklebung und während der gesamten Anwendungsdauer. Dank einer Haltbarkeit von bis zu zehn Jahren ist die MACal 9800 Cast Serie die richtige Wahl für langfristige Anwendungen.

Ein Transparenter, permanenter Acrylat-Klebstoff auf Lösemittelbasis, macht diese weiche, cast Vinylfolie zu einer hervorragenden Wahl für verschiedenste interior und exterior Anwendungen. Die Folie für Applikationen im Außenbereich ist bis zu 10 Jahre haltbar.

Vorteile

- Große Farbauswahl: 107 glänzende und 10 matte Farben
- Farbnachstellungsservice
- Bis zu 10 Jahren im Außenbereich

Anwendungen

- Langfristige Fahrzeugbeschriftungen (PKW, LKW, Boote)
- Fenstergrafiken
- Dekorationen und Schilder im Einzelhandel
- Andere grafische Anwendungen, insbesondere für Oberflächen mit Nieten und Sicken

Technische Eigenschaften

- 66 µm starke, Cast Vinylfolie, Cadmium-frei
- Transparenter, permanenter Acrylat-Klebstoff auf Lösemittelbasis
- 135 g/qm weißes Kraft-Trägerpapier mit grauem Rückseitendruck
